

Academic Coaching & STEM Support

Founded & Directed by Donna Maria Pierre Abou Khalife

Master Engineer in Chemical & Environmental Technology

MSc Molecular Chemistry

MSc Technology of Perfumes, Cosmetics & Dyes

BSc Chemistry

Intellecta operates on a structured academic consulting model rather than casual tutoring sessions. Enrollment is limited to maintain quality, accountability, and measurable academic progress.

Pricing & Service Overview

Intellecta provides structured academic coaching, strategic study systems, and research-level guidance for students pursuing excellence in STEM disciplines. Services are designed to strengthen independent performance, long-term clarity, and measurable academic progress.

1. 1:1 Structured STEM Coaching

Designed for students seeking clarity, strategy, and measurable academic progress.

Single-Session (1:1 Coaching)

- Middle School (Grades 6–8) – \$20 per session
- High School (Grades 9–12) – \$25 per session
- College (Year 1) – \$35 per session
- College (Years 2–3) – \$40 per session
- Masters Level – \$50 per session

Session duration is **60 minutes**.

Session focus may include curriculum support, exam preparation, academic strategy, and long-term study planning.

Multi-Session Packages (1:1 Coaching)

For students seeking consistency and measurable progress, structured multi-session packages are available.

4-Session Package

Middle School – \$70 (instead of \$80)

High School – \$90 (instead of \$100)

College Year 1 – \$125 (instead of \$140)
College Years 2–3 – \$145 (instead of \$160)
Masters Level – \$180 (instead of \$200)

8-Session Package

Middle School – \$130 (instead of \$160)
High School – \$170 (instead of \$200)
College Year 1 – \$240 (instead of \$280)
College Years 2–3 – \$280 (instead of \$320)
Masters Level – \$350 (instead of \$400)

Packages are designed to ensure continuity, academic momentum, and structured progress tracking.

Validity periods and payment terms are outlined in the Enrollment Agreement.

Structured Academic Support for Learning-Diverse Students

Intellecta provides structured academic coaching for students with diverse learning profiles, including ADHD, executive functioning challenges, mild learning disabilities, and attention-related difficulties.

This service is grounded in practical experience within an international school environment, with a focus on structured academic adaptation and personalized pacing.

Enrollment for learning-diverse support may require an initial Academic Performance Audit to assess suitability and structure needs.

Sessions may include:

- Task chunking and structured breakdown
- Visual and simplified academic frameworks
- Executive function reinforcement
- Time-management scaffolding
- Adapted exam preparation strategies
- Confidence-building through structured progress

This service focuses on academic structure and performance support. Clinical diagnosis, therapy, or behavioral intervention services are not provided.

Session Duration: 60 minutes

2. Group Classes

- Group classes are available upon request
- Group classes are organized by academic level and subject focus
- Pricing depends on the number of enrolled students and academic level
- Minimum enrollment requirements apply
- Group sessions are confirmed only once the minimum number of students is reached
- Minimum group size: 3 students

- Maximum group size: 5 students
- Group pricing is calculated per student and decreases as enrollment increases

3. Exam Strategy Intensives

Focused short-term sessions designed for students preparing for major assessments, midterms, finals, or high-stakes examinations.

These intensives are ideal for students who require targeted clarification, structured revision planning, and performance optimization within a limited timeframe.

Includes:

- Targeted topic breakdown and clarification
- Common mistake analysis
- Time-management and exam pacing strategy
- Practice question walkthrough and structured problem-solving
- Personalized exam action plan

1-Hour Intensive

Middle School (Grades 6-8) – \$20

High School (Grades 9-12) – \$25

College (Year 1) – \$35

College (Years 2–3) – \$40

Masters Level – \$50

2-Hour Intensive

2-hour sessions are recommended for advanced-level subjects or high-stakes exam preparation.

Middle School (Grades 6-8) – \$30

High School (Grades 9-12) – \$40

College (Year 1) – \$55

College (Years 2–3) – \$60

Masters Level – \$75

Recommended for:

- Students preparing for midterms or finals
- Students seeking performance improvement under time pressure
- Students requiring rapid clarification before assessments

Exam intensives are conducted live online and remain structured, focused, and time-bound.

4. Academic Performance Audit Session

A comprehensive diagnostic session designed to evaluate a student's academic performance patterns, study systems, and structural gaps.

This session is ideal for students who:

- Feel academically stuck despite effort
- Struggle with consistency or time management
- Experience repeated exam underperformance
- Want a structured improvement plan
- Recommended before enrollment in long-term mentorship programs

Includes:

- Academic habit and routine evaluation
- Study system and time-management assessment
- Mistake pattern and exam performance analysis
- Subject load and cognitive balance review
- Personalized improvement roadmap with actionable steps
- A written summary of the recommended improvement roadmap is provided within 48 hours of the session

Duration: **90 minutes**

Academic Performance Audit (90 min) – \$75

Masters-Level Audit (Advanced Research Focus) – \$95

This session is diagnostic and strategic. It is not content tutoring, but performance restructuring.

5. Academic Planning & Major Orientation Session

60-minute strategic session for:

- High school students choosing STEM streams
- University students evaluating specialization paths
- Academic performance mapping

Flat rate: \$45

6. Lab Report Review (Short assignments)

Structured feedback focused on clarity, scientific reasoning, formatting, and academic quality.

- High School (Grades 9-12) – \$20 (up to 5 pages)
- College Year 1 – \$25 (up to 6 pages)
- College Years 2–3 – \$30 (up to 8 pages)
- Masters – \$40 (up to 10 pages)

Additional pages are charged at \$5 per page.

48–72 hours standard review turnaround

Expedited review (24-hour turnaround) +\$15 per report.

Lab reviews are conducted independently (no live sessions) with written feedback provided.

7. Academic Project Review & Presentation Support

Structured review for research projects, capstone assignments, science fair reports, and presentation-based assessments.

Project reviews are limited to structural, clarity, and academic feedback. **Direct rewriting or authorship is not provided.**

Pricing applies to projects up to 10 slides or 10 written pages unless otherwise agreed. Larger submissions are quoted separately based on scope and complexity.

Includes:

- Content clarity evaluation
- Logical structure improvement
- Scientific accuracy review
- Slide/presentation organization guidance
- Oral presentation feedback (if applicable)

High School Projects (Grades 9-12) – Starting at \$30

College Projects – Starting at \$50

Masters-Level Projects – Starting at \$70

Standard review turnaround: 3–5 business days.

Expedited review (48-hour turnaround): +\$15.

Optional: 30-minute presentation rehearsal session – \$20.

8. Thesis Review & Research Consulting

Thesis review services are structured academic consulting services and are **not session-based**.

All reviews focus on:

- Structural clarity and logical flow
- Scientific accuracy and reasoning
- Methodology evaluation
- Argument coherence
- Academic tone and formatting guidance

Direct rewriting or authorship is not provided. All feedback is provided in comment format. Final content revisions remain the responsibility of the student.

A. Independent Chapter Review (Thesis or Research Papers - long-form research)

Pricing applies per chapter or report and depends on academic level and length. Maximum chapter length: 25 pages unless otherwise agreed. Maximum page count includes references but excludes appendices unless otherwise agreed.

- High School Research Projects – Starting at \$30
- Undergraduate Thesis Chapters – Starting at \$50
- Masters-Level Chapters – Starting at \$70

Pricing is determined based on word count, complexity, and depth of review required.

Optional: 30-minute feedback discussion session available upon request.

B. Master Thesis Review Packages

Basic Package – \$300

Turnaround time: 5–7 business days. Turnaround time begins once the final draft version is submitted and confirmed. Includes review of one consolidated draft submission per revision round. Maximum page count includes references but excludes appendices unless otherwise agreed.

- Full thesis structural review (up to 80 pages)
- Written academic feedback
- One 60-minute feedback session
- One revision follow-up on corrected draft

Additional pages beyond 80 pages are priced separately.

Maximum page limit applies unless otherwise agreed in writing.

Advanced Package – \$450

Turnaround time: 5–7 business days. Turnaround time begins once the final draft version is submitted and confirmed. Includes review of one consolidated draft submission per revision round. Maximum page count includes references but excludes appendices unless otherwise agreed.

- Structural and scientific deep review
- Methodology and results evaluation
- Citation and formatting consistency guidance
- Two 60-minute feedback sessions
- Two revision follow-ups

Additional pages beyond 80 pages are priced separately.

Maximum page limit applies unless otherwise agreed in writing.

9. Research Proposal Structuring Session

Designed for university and masters-level students preparing research proposals, capstone approvals, or thesis topic submissions.

This session provides structured guidance on how to properly build and present a research proposal before official submission.

Ideal for:

- Students preparing thesis proposals
- Capstone project approvals
- Research topic defense submissions
- Independent research planning

Includes:

- Refinement of research question and scope
- Hypothesis clarity and feasibility assessment
- Methodology structuring guidance
- Literature review positioning advice

- Structural organization of proposal sections
- Feedback on coherence, logic, and academic tone

Session Duration: 60 minutes

Pricing:

Undergraduate Level – \$55

Masters Level – \$75

Optional: Written structural feedback on proposal draft – Starting at \$40 (based on length and complexity)

This service focuses on structure, clarity, and academic direction. Direct rewriting or authorship is not provided.

10. Academic Mentorship Program

A structured long-term mentorship program designed for students seeking consistent academic growth, strategic planning, and measurable progress throughout a semester.

The Academic Mentorship Program differs from standard 1:1 coaching in scope and oversight. Beyond live sessions, it includes structured academic monitoring, personalized weekly study system design, strategic performance adjustments, and continuous accountability. Mentorship provides sustained academic supervision rather than isolated instructional sessions.

Ideal for:

- Students aiming for grade improvement
- Students managing multiple STEM subjects
- Students preparing for competitive academic environments
- Students requiring structured accountability

Program Structure:

- 8-Week Academic Mentorship Program
- Weekly 1:1 Coaching Session (60 minutes) - 8 live sessions in total
- Monthly Academic Strategy Review
- Personalized Study System Development
- Ongoing Progress Tracking
- Exam Strategy Integration
- Direct academic guidance and structured accountability

Investment (8-Week Comprehensive Mentorship Program):

Middle School – \$400

High School – \$480

College Years 1–3 – \$600

Masters Level – \$720

Limited enrollment applies to maintain quality and personalized oversight.

Intellecta maintains structured academic standards and limited availability to ensure quality and consistency. For enrollment details, availability, and scheduling, please contact:
